

What you will need:

A digital camera or digital device with a camera

Activity:

This photo scavenger hunt is a great way kids to explore the holidays throughout the house. It can be added fun for you or a family member to accompany them on the scavenger hunt. Grandparents can be especially fun to enlist on this activity while you prepare the holiday cheer. Create a family challenge by creating teams and seeing who can complete the scavenger hunt first. Be sure to tell your teams that the entire team must be in the photos with the description of the items or activities listed below. The teams with the most items and earliest to complete wins!

Set a time for teams to return back and then send them off to get the holiday photos.

Bonus activity, after the activity, gather all of the images to create a digital slideshow or use as your holiday cards photo.
